Air Valve

A streamlined disc profile provides smooth flow and ensures low pressure drop which is designed for strength and deflection eliminates possibility of flutter.

Size : 15 mm to 200 mm

Application : Water, Stem HotWater etc.

Moc : CI/CS/SS/DI etc.

Butterfly Valve

Butterfly Valves are manufacturer with the strongest and durable materials to ensure a long dependable and troublefree service

Size : 50 mm to 160 mm

Application : water, gas, oil etc.

Moc : CI/CS/SS/DI/ MS etc.

Check Valve

Check valves are automatic in operation and designed to prevent reversal of flow in fluid piping systems.

Size : 50 mm to 600 mm
(SWING TYPE CHECK VALVE)

Application : water, oil etc.

Moc : CI/CS/SS/DI etc.

Dismantling Joint

These types of Joints are used for easy Dismantle of the equipments fitted in the MS Fabricated Pipe Fitting.

Size : 50 mm to 3000 mm

Application : Water, Acid etc.

Moc : CI/CS/SS/DI etc.

www.kpmvalves.com

Foot Valve

The system is a silent operating lift type valve with a screen inlet. It features a full flow area and a synthetic/metal-to-metal seal.

Size : 50 mm to 600 mm

Application : Water, Acid etc.

Moc : CI/CS/SS/DI etc.
